AT THE DAVIDS.

Vaudeville and Photoplays.
One of the vaudeville bills of stand-
ard quality at the Davids was shown
last night. The program was made up
of the well chosen bill. For a monologist
George Teoman proves what he is by
the good impression he makes on the
audience. Harry and Anna LaBell are
acrobats with a pleasing turn that
features some taking novelties, and the
five musical comedians, a whirlwind
of attractions in instrumental, vocal
and dancing effects, and they are com-
pelled to come out for encore numbers.
In the photoplays there is entertain-
ment from several different angles and
all of the best.

NEURITIS GOUT RHEUMATISM

Simple 50-cent Remedy That is Having
a Tremendous Sale

Notice how few people in Norwich
are suffering from Rheumatism. The
L. E. & Osgood Co. offered RHU-
MATISM to the public at 50 cents a bottle
and offered money back to anyone who
was not cured.
It is only the skeptics who allow
Rheumatism to have the upper hand,
while, broad-minded persons have freed
themselves from the merciless grasp of
the enemy of mankind.
RHU-MATISM takes right hold and at-
tacks the poisonous accumulations that
cause Rheumatism, Gout, Lumbago,
Arthritis, Neuralgia and Kidney
troubles and drives them from the
body. Be healthy—happy—sleep well
and work cheerfully. Try RHU-MATISM.

Weak Folks Made Strong

People ask us for a remedy that will
make them strong again. There's no
such medicine on earth. Good food,
plenty of it properly digested is what
makes strength. But we have a rem-
edy that will make you hungry. Three
times a day—no hungry—that you can
hardly wait for meals.
That's just what our cereal food
needs if you could just get a good ap-
petite again. Nature would do the
rest for you. We know that.

Our Syrup Hypophosphites

Is just the thing to build you up by
making you eat.

DECISIONS FROM PARDON

BOARD BY FRIDAY.

New London and Windham County
Cases in the 69 Heard.

The board of pardons held its an-
nual session at the capitol at Hart-
ford Monday and heard 69 applications
for pardon or commutation of sen-
tence. The board did not render any
decisions, but it is expected that the
decisions will be handed down on Fri-
day of next week.

It was one of the heaviest dockets
in the history of the board. Thirty-
five of those whose names were on the
docket appeared before the board. In
the list of 69 there was one woman.

Adeline Burns of New London was
one of the four to appear with her
petition. She was sentenced Jan. 28,
1909, for 15 to 20 years for carnal abuse
of a female child.

Board Members.

The session of the board was opened
shortly before 11.30. The following
constituted the board: Governor Bal-
win, Justice John M. Thayer, Morris
W. Seymour, Lewis Sperry, Judge
George W. Wheeler (acting for Gen.
Edward H. Ladd) and Dr. Overlock.

There was no appearance for Frank
Stachura of Tolland county for one to
four years on Sept. 7, 1909, for theft
and assault on rob. His term of im-
prisonment will expire within a month.

For Chippendale.
Attorney George Morgan appeared
for Harry Chippendale, who was sen-
tenced for three to six years May 17,
1910, for manslaughter, the victim be-
ing a girl who in an ante-mortem
statement said according to State's
Attorney Searls, that Chippendale was
responsible for her condition. Chippendale
said that he was not responsible for the
condition of the girl.

State's Attorney Searls said that it
was true that Chippendale had given
the information which led to the ar-
rest of Dr. Ladd. When the doctor
called at Dr. Ladd's house to arrest
him the doctor said: "I've been ex-
pecting you. These doctors have low-
ered the contents of a phial and drop-
ped dead." The doctor went to a high-
er court, said State's Attorney Searls.
Chippendale has since been charged
he was not responsible for the girl's
condition. Judge Searls said he had
given no promise to Chippendale of im-
munity. He told the court that Chippendale
was entitled to consideration of his
case, but that the state was not bound
to be so helpful to the state. In fact,
he would have been satisfied with a
jail sentence.

Senator Thomas F. Noone of Rock-
ville appeared in behalf of Dwight F.
Siege, who was sentenced in New
London county on April 24, 1910, for
life for murder in the second degree.
Senator Noone produced a certified
copy of the testimony in the case and
stated that the state was not bound
to be so helpful to the state. In fact,
he would have been satisfied with a
jail sentence.

Miss Mary Hall addressed the board
in behalf of Kate Cobb, a friend
of the state. She said that she had
been a model prisoner. She has
served the state well for a number of
years. She has been a model prisoner.
She has served the state well for a
number of years. She has been a model
prisoner. She has served the state well

Attorney John H. Barnes of Nor-
wich addressed the board at some
length in behalf of Mrs. Cobb.

DEATH OF UNCLE

OF DR. J. J. SHAHAN.

Maurice P. Shahan Passes Away in
Baltimore Hospital.

Word has been received by Dr. J. J.
Shahan of the death of his uncle, Mau-
rice P. Shahan, of Baltimore. The
death occurred in Johns Hopkins hos-
pital at Baltimore just before 12 o'clock
Saturday morning, the result of an op-
eration for kidney trouble. Mr. Shahan
was 82 years of age and 8 days old.
The cause of death was uremic poly-
uria.

Mr. Shahan had been ill but three
weeks and apparently was as well as
could be after the operation had been
performed.

As a last resort to save his life he
had been taken to the hospital by his
son, Dr. Rev. Mr. Thomas J. Sha-
han, to be under the care of special-
ists.

Maurice P. Shahan was born in
County Kerry, Ireland, son of Peter
and Johanna (Horn) Shahan. When
he was 29 years old he came to the
United States, and about 32 years ago
he came to Milbury. He attended St.
Charles' college, Baltimore, and was a
scholarship boy of James Cardinal Gib-
bons.

He received a special invitation
from Cardinal Gibbons to attend the
St. Charles college in 1898, when he
visited there.

He leaves one son, Dr. Rev. Mr.
Shahan, president of the Catholic uni-
versity at Washington, and a wife,
Mrs. Mary (Buckley) Shahan, who
was his first wife. The funeral will
be at his funeral on Wednesday.

CATHOLIC WOMAN'S CLUB.

Officers Elected for the Year, with
Mrs. F. L. Farrell President.

The Catholic Women's club held its
organization meeting for the season
on Monday evening at the Bucking-
ham Memorial building. The club has
thirty members.

The election of officers re-
sulted as follows: President, Mrs. F.
Farrell; vice president, Mrs. C. M.
Murphy; secretary, Mrs. W. M. Powers.
William H. Shields, treasurer; Rev.
J. H. Broderick, financial secretary;
Mrs. Maurice P. Shahan, recording sec-
retary; Mrs. James F. Penton. The fol-
lowing executive committee was
chosen: Mrs. J. J. Conkery, Mrs. M.
Murphy, Mrs. R. M. Powers, Mrs.
William T. Browne, Mrs. W. P. Mc-
Garry and Mrs. J. H. Shields. It was
voted to hold the annual charity ball
late in January.

Paid on Three Counts.
Tony Rosark of Pithville, who was
arrested and brought here Sunday
night after a family row, was taken
to Pithville by Sheriff Draper Mon-
day for trial. Before Justice Stark
Rosark was fined \$5 and costs on three
counts, which he paid.

ANNEX TWO OF DISTRICTS TO CITY

Board of Trade Favors Attempt to Add Sunnyside and Nor-

wich Town to City Limits—Against Increasing Town

Limits—Committee Directed to Proceed With Petition

to be Presented to Legislature.

The December meeting of the Nor-
wich Board of Trade, held Monday
evening in the board room at the
Shannon building and attended by
about 80 members, voted in favor of
the annexation of Sunnyside and
part of Norwich Town to the city lim-
its. These were the extensions recom-
mended by the committee which had
had the matter under advisement.

The same committee reported ad-
versely to extending the town limits
to include the area now known as
the territory where now is located the
Norwich state hospital.

The meeting was called to order by
President J. D. Haviland, and after
Secretary Henry W. Tibbitts had read
his minutes of the previous meeting
which were approved, the names of
James D. Rough was proposed and
voted in as a new member. President
Haviland stated that Mr. Rough's ex-
perience in trying to find a small cot-
tage house to live in was an indication
that Norwich needed more medium sized
cottage houses for renting.

Report from Committee.
Chairman J. T. Fanning of the spe-
cial committee appointed at the last
meeting on the matter of extending
the city limits, made the report for his com-
mittee, which comprised besides himself
Charles S. Holbrook, Thomas H. Beck-
ley and Francis Smith. Mr. Fanning
reported as follows:

To the Norwich Board of Trade:
The committee on the matter of ex-
tending the city limits, after several
meetings, to consider the matter of ex-
tending the city and town limits, beg
leave to report that it has held several
meetings as well as the town limits, be-
cause for the purpose of studying all
sides of this important subject, and
that in general, we have tried to de-
termine what the different results
might be of changing present condi-
tions, having in mind the purpose of
making recommendations which would
not promise positive advantages for
the community.

It is difficult to give much thought
to this subject without coming to the
consideration of four propositions:

1. To have the same limits for town
and city.

2. To bring into the city all the
thickly populated portions of the com-
munity—Norwich Town, Yantic, Turtleville,
Ocean and Sunnyside sections, leav-
ing what might be designated as the
agricultural portions outside of the
city limits.

3. To add to the town the territory
wherein the state hospital is located,
mainly for the purpose of taking what
is in the actual business view of the
situation, a Norwich institution away
from an adjoining town and having it
give it its title.

4. To attach to the city only those
thickly settled sections which are able
to support a city government, and
ready, viz., Sunnyside, whose people
are petitioning for admittance, and
all other portions of the city which
resistance to any attempt which may
be made to annex it to the city.

The committee is not disposed to
recommend any one of these plans at
time of either of the first three plans;
and it does not feel that it is neces-
sary to recommend any one of the
reasons which have made it take
that position in regard to those phases
of the subject. There is a great deal
to be said for each plan and we recom-
mend them, and the committee con-
fesses its inability to foresee any hard-
ship which may befall the city in
their adoption; but, as already sug-
gested, it is considered best to defer
for the present any plans which would
relate to the change of the city limits,
which are regarded by some as being
too radical, although fears of this kind
are in the opinion of the committee,
groundless.

The committee does not recommend
taking action for extending the town
limits, or for annexing the hospital
even bringing in only the territory
where the state hospital is located.
Either extension would involve the
city in a great deal of expense, and
ways, and the former arrangement
would probably mean the early if not
immediate closing of the hospital, and
it is hardly fair to the town of
Norwich to attempt to add to pre-
sents, burdens for the sake of advantages
which are not certain, and through
considerations of sentiment.

Your committee favors the annexa-
tion of Sunnyside and part of the
of the part of the town which is em-
braced in what is usually called the
Norwich town section, which takes in
the more heavily populated portion of
the city and town, and extending
to the Yantic river where it crosses
the highway just beyond the city limits.
The committee regrets that on account
of the limited time in which this mat-
ter had to be dealt with it has been
practically impossible to make an ac-
curate map of the city's gain would be
from these additions 11 taxable estate
and population, but the board of trade
and the members of the board of trade
are sufficiently familiar with the ex-
tent of the sections under considera-
tion to make a rough estimate of the
same which would make them de-
sirable accessions to the city. At Sun-
nyside, the city would gain a place
which would be added, roughly, in the
form of a rectangle, about a half mile
long and of the same width, measuring
from the city limits to the Yantic river.
The many residences which have
made this a valuable portion of our
community, and the fact that the
city would gain a place which would
be added, roughly, in the form of a
rectangle, about a half mile long and
of the same width, measuring from the
city limits to the Yantic river, for such
spaces as would be included in the
city limits, and the fact that the
city would gain a place which would
be added, roughly, in the form of a
rectangle, about a half mile long and
of the same width, measuring from the
city limits to the Yantic river.

These recommendations are favor-
ed by the board of trade and the
committee is not disposed to recom-
mend any one of these plans at time
of either of the first three plans; and
it does not feel that it is necessary to
recommend any one of the reasons
which have made it take that position
in regard to those phases of the sub-
ject. There is a great deal to be said
for each plan and we recommend them,
and the committee confesses its inabil-
ity to foresee any hardship which may
befall the city in their adoption; but,
as already suggested, it is considered
best to defer for the present any plans
which would relate to the change of the
city limits, which are regarded by some
as being too radical, although fears of
this kind are in the opinion of the com-
mittee, groundless.
